

**THINKING
BOX**

A world that works for everyone

XR approach, key questions and criticisms

Agree/disagree:

- **Phase 1 not 2 is XRs main focus?**
- **Disruption/upset is necessary?**
 - Best justification?
- **Individual action alone will not be sufficient?**
- **The Citizens' Assembly, not XR will determine how emissions will be reduced?**

- **Other common questions/criticisms?**

Phase 1	Phase 2
Social and political will	Execute 3 demands
XR	Not XR

Questions and criticisms

Why are you upsetting people?

How will you reduce emissions?

You're hypocrites!

XR survey - feed in your answers

- After both discussions (small group and plenary)
- Type bit.ly/xrquest into your address bar (not search engine)
- Complete the survey

Derek Sivers – How to start a movement

- Do you agree movements must be public?
- How does XR build critical mass?
- What personal qualities help as a member of XR?
- How should movements nurture their early followers?
